

BASE MODEL WITHOUT GENERATOR

PLUS MODEL

THE ULTIMATE WORKSPACE

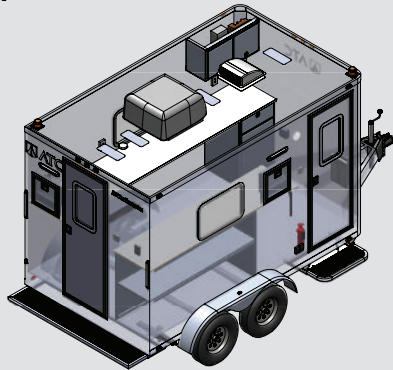

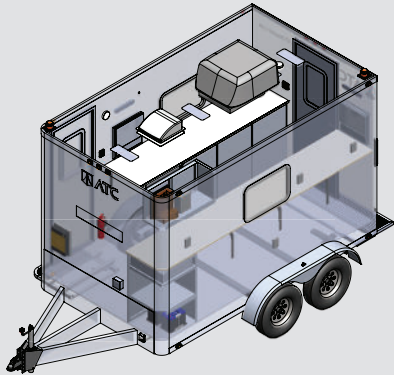

Our 300F Fiber Optic Splicing trailers are built with an 8" aluminum mainframe for extreme durability and feature an adjustable coupler and extra ground clearance for maximum flexibility. These models both come standard with heating and cooling to keep you comfortable in any weather. Our 14" LED ceiling lights and under cabinet lighting provide the visibility you need. The Base Model with Generator and Plus Models are equipped with a 4.5KW generator with a 30-gallon fuel tank to keep you running no matter how long you're on the jobsite.
